2001 passkey iii manual - Bing - riverside-resort.net

1) Insert a "Master" Passkey III (PK3) Key (the one with the black plastic cover as shown above). 2) Turn the Ignition to ON, but do NOT start the engine. You should see the "Security" message on the dash for about 10 minutes and then it will turn off.

How to Program a PassKey-III (PK3) Key - My 2001 Chevy ...

PassKey III system Fix PassKey III system Car won't start security light on. If you own a GM vehicle with PassKey iii system or a previous PassKey II or PassLock system and have a car won't start security light on, this article is for you.

PassKey III system — Ricks Free Auto Repair Advice Ricks ...

The Passkey III anti-theft system uses a transponder inside the head of the ignition key. The exciter inside the ignition lock cylinder energizes this transponder when the ignition switch is turned on. The transponder transmits a unique signature to the theft deterrent control module. If the key signature transmitted is acceptable to the theft ...
