A two-part tariff (TPT) is a form of price discrimination wherein the price of a product or service is composed of two parts - a lump-sum fee as well as a per-unit charge.

### Two-part tariff - Wikipedia

Student online book exchange results page ... The primary focus of this text is to empower management students with statistical decision-making skills so that they become active participants rather than passive observers in business situations in which statistical findings are reported and discussed as part of a management decision-making process.
